Dear Brent,

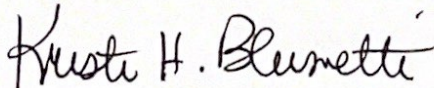

We are happy to provide this letter of recommendation for Cornerstone homes. You and your team did an excellent job in completing the construction of our home with the utmost quality and kept the project on schedule and within budget. We were guided through every step of the process making it an enjoyable and relatively stress-free experience. The expertise you provided helped us make the right decisions from selecting our lot, designing our home, and every step along the way. You were especially helpful during the planning process to build a budget for us projecting the cost of construction and this was very beneficial in the decision making process.

We are very pleased with the services provided by Cornerstone Homes, and we will certainly use you for any future projects. We are also happy to recommend your services to anyone looking for a home builder in our area.

Sincerely,

Michael Blumetti BS, BA, MBA
